Lower Mammoth Extension Ground Sold to J. C. Jensen.

SALE IS RATIFIED BY STOCKHOLDERS

Dividend Declared and Old Company Will Be Disincorporated.

At the special meeting of the directors of the Lower Mammoth Extension Mining company, held in this city, the sale of the property of the corporation to James C. Jensen, of Heber City, was formally ratified, the consideration being \$4,000. Authorization was also given at the meeting for the winding up of affairs of the Lower Mammoth Extension company, and the disincor poration of the same. A dividend of I 1-2 cents on the capital stock of the corporation was declared, and it is probable that ere the final business wind up of the concern has been ef feeted, that it will be possible to add another half-cent to this distribution from the funds which the sale will put in the treasury. The dividend was made payable on October 20, books to close on October 15. Joseph R. Murdock, president of the Lower Mammoth Extension company holds some 76,000 shares of the total 200,000 76,000 shares of the total 200,000 shares for which the company is incorpointed.

The sale of the property to Mr. Jen-

The sale of the property to Mr. Jensen was decided upon some time ago by the board of directors of the company, and now that the deal has been ratified by the stockholders the final details will be attended to at once and the books of the company closed uppermanently as soon as possible. The ground included in the sale consists of the Anita lode claim, Tintie district, official survey No. 4536, and was the only remaining possession of the company. The original holdings consisted of a larger tract of 12nd, but portions of it have been disposed of to different parties from time to time.

Besides Mr. Murdock, president, J. W. Musser, secretary, O. G. Pfeiffer and J. C. Howard, are emong the principal owners of the ground. Mr. Jensen to whom the sale was made is a prominent business and mining man of Heber City, Wasatch county.

#### UNITED STATES WINS OVER COLONEL WALL

In the case of the United States Mining company vs. Colonel E. A. Wall. Judge John A. Marshall of the United States listrict court on Thursday handed down a decree in favor of the plaintiff. In his decree Judge Marshall adjudged the United States Mining company and its predecessors in interest the rightful owners of the Grizzly mining claim in the West Mountain mining district since April 7, 1991, and decreed that the defendant never has lead any right to the claim in question. He is restrained from entering the property and title to the claim is suited in favor of the plaintiff. The plaintinf is also adjudged entitled to receive a patent for the ground from the United States. Lehi Tin Lehi Tin Lit Bell ... Lit Chf Lion Hill ... L. Mam Maj Mines

#### REPORTED STRIKE IN FOSTER OF PIOCHE

Report from the Foster property. Proche, in which D. B. Houtz of Provo Proche, in which D. B. Houte the and Alex Colbath, formerly of this city. Are heavily interested, is to the effect that a four-foot body of ore has been uncovered there, and that indications are that it will prove to be romething permanent. Indge Houtz visited at the property about two weeks ago and upon his return at that time stated that the showing was most encouraging and that he thought ore would soon be encountered.

### LOCAL MARKET WAS A LITTLE STRONGER

Thursday's Sessions Closed Up Business Transactions for Members of American Insti-Month.

The local stock market Thursday, alhough weak in spots, showed in general slight Improvement. Colorado, Iron PROGRAMME ARRANGED: ossom and Sloux Con, were all firm,

Blossom and Sloux Con, were all firm, and their behavior seems to set the example which is followed more or less by all of the rest. Good reports continue to come from the mines of these companies, and if confidence in them can be restored, interest will be added to the entire market.

The sales for the day amounted to \$80,720 shares of stock, for which was paid \$33,533.37. Yesteritay's call closed up the business for the month of September, also, sales for the period amounting to 2,503,276 shares, representing the transaction of \$1,066,412.63, which is very fair business.

per of the highest grade. The ore was struck at a depth of fifty feet from the surface, 100 feet from the mouth of the tunnel. Phillips has located six more claims adjoining the property, so con-fident is he of the outcome. Ore chutes because of the members of the American Institute of Mining Engineers, who will be the guests of Salt Lake City. October 6 to 9, inclusive, have been attended to under the direction of the local members, and the committee in charge of affairs generally, together with the program of entertainment to be carried out, have been announced as follows:

Amove stated. The values are divided as follows: Silver, \$111.64; lead, \$30.80; copper, \$15.45, and gold 20 cents.

Mr. King states that the company will realize a profit of about \$120 per ton from this product, and that from present indications he is satisfied that it will be possible to continue shipments from the mine all winter. The first consignment of 800 sacks of ore will be on the way to the smelters within the next few days. are being erected to convey the ore to the Northern Pacific branch, as well as

ing Towards Satisfactory Completion.

W. F. Hubbard of the Lien Hill property stated yesterday that the returns from the recent ore shipment from the mine netted the company \$716 after the expense of hauling, smelting, etc., had been deducted. An other shipment will be made in about a week, the product now being loaded on the car, and it is stated conservatively that the next consignment, being of a better grade ore, will bring returns at least a third higher than those just received.

Local interests in the company are very well satisfied with conditions at the mine, and believe that it will be possible to make regular shipments for some time to come, from the ore deposits already in view.

Boston Copper Market.

Manager Colin McIntosh of the Ohio Copper company reports that on his recent visit to the company property at Bingham, he found conditions in very satisfactory shape, with work moving along nicely. The contractors for the erection of the Mascotte tunnel to the new mill have their rigging all up and in shape for the completion of the work in the least possible time. These operations will probably continue for about three weeks, barring unseen delays, and at the end of that time, Mr. McIntosh states, one half of the mill proper will be ready to be put in commission. Two carloads of the structural steel work consigned to the company has as yet not been received, but is being now to the company has a yet not been received. from the mouth of the Mascotte tun- Alta

structural steel work consigned to the company has as yet not been received, but is being rushed with all possible speed from Denver.

The construction work on the transformer house, a part of the company's new power plant, is going ahead rapidly, and in the final completion of all details of the new equipment very satisfactory progress is being made.
